Ohio County Healthcare to offer COVID Booster Vaccine following yesterday's CDC approval.

Starting on October 25th, Ohio County Healthcare will offer the booster dose of both Moderna and Pfizer at the Hartford location of Ohio County Family Care at 20 McMurtry Avenue. Appointments can be scheduled by calling 270-215-9082. Walk-ins are welcome but your wait time may be reduced by scheduling an appointment.

Eligible community members include those who have previously completed the 2-dose series of the Moderna or Pfizer COVID vaccine at least six months prior and meet one of the following criteria:

- Aged 65 or older
- Aged 18 or older who ...
 - Who live in a long-term care facility
 - Have underlying medical conditions
 - Work or live in high-risk settings

Additionally, OCH in partnership with Com-Care Ambulance Service and Ohio County government officials, will be coordinating a drive thru Booster Vaccination clinic for the next several weeks **for Moderna vaccines only on Wednesdays from 1:00 pm to 7:00 pm** at the **Ohio County Parks located at 2300 KY 69 in Hartford**. Upon entering the park, please follow directional signage to the building at the top of the hill.

Participants are asked to bring both their vaccination and insurance cards. Anyone who received their second shot on or before April 22nd, would be eligible for a booster dose of Pfizer or Moderna.

Ohio County Healthcare will not be offering booster doses of the Johnson & Johnson vaccine but it will be available at several of our local pharmacies. Individuals who received this vaccine can opt to have a booster dose of Pfizer or Moderna at least two months after their primary dose at any participating location including OCH. If you need an alternative time or location, please visit www.vaccine.gov for a complete listing of all facilities offering COVID vaccines in Ohio County.
